" A Few to Preserve the Best "

From the Prez :

December 30, 1993

Happy New Year Everybody ! I hope that Santa was good to everyone. Any bright shiny new '94 Ponies under the Christmas Tree ? Not under mine either.

I trust that most people have seen the new Mustang commercials on TV. If not, you should keep an eye out because they are great ! It looks as if 1994 will be a very busy year for Mustang enthusiasts everywhere. From Charlotte to Indianapolis to the coasts. There are a number of large Mustang events scheduled across the U.S. If anyone in the club attends a special event, let us know about it and we can put together a short article on it for those who missed it. One event that just took place last night, was the introduction of the 1994 Mustang Cobra Indy Pacecar. I should have a review of the event for the next newsletter.

I am going to combine the cover letter and Mustangs in Miniature for this month. If you haven't found out already, Hotwheels has reissued the '68 Custom Mustang in the Special 25th Anniversary Blister Pack. The Mustang should be available in a number of different colors including Purple, Green, Blue, and a few more. Toys 'R Us is the only place carrying them, so better start looking if you want to pick some up. As I mentioned last month, Joeff will be releasing some 1;18 scale '94 Mustangs in April. Along with the GT Coupe will be a GT Convertible and the '94 Indy Pace Car. These should be hot items when they hit the shelf.

How many of you got a hold of the Special Mustang Poster that was in the December 10th issue of USA Today ? If you did not get a copy of the poster, I will have around 35 copies at the January meeting to pass out. USA Today was good enough to get us the extra copies that were in the returned papers. These will be first come, first serve. So let me know if you need one.

Remember that the first swap of '94 is January 8th at the Waukesha Expo Center. I will look forward to seeing everyone who can make it. Until next time . . . Keep on Stangin !

ARE YOU LATE

MUSTANG CORRAL

1984 MUSTANG CONVERTIBLE OWNER: SCOTT MOEN

This is the 20th anniversary edition. It is equipped with a 5.0 Ltr engine and automatic transmission. It has 34000 original miles and has every option. The car was purchased new by Jerry & Diana Hershberger of San Diego CA. It was the 133rd anniversary model built and was used as a press car for photo shoots in California. The Hershbergers received delivery at the 20th anniversary show in California. It is completely original including the CA emission system. You can see it featured in the April '89 issue of Mustang Monthly. I received all original documents with the car. This has been my dream car since it was introduced. I plan on showing the car as well as enjoying the fun of driving a beautiful convertible.
