

The Feed Bag.... what happened and what's happening

# January 2020

"A Few to Preserve the Best"

Preservation - Restoration - Enjoyment - Dedication - Education

Hello Mustangers!

*Ford vs. Ferrari.* What an exciting movie. It grabs you into the excitement right from the beginning. There have been a few club members that have seen it and they were right! It is a must see! We really enjoyed the film. Even Henry, our 7-year-old grandson liked it!

Please be sure to get your club dues in. You don't want to miss any upcoming activities or newsletters.

The annual WEM Pizza Party is coming up on Sunday, February 16<sup>th</sup>. It will be held at Trattoria di Carlo & Pizzeria again this year. Watch the newsletter, web site and FaceBook page for specifics.

Shortly after the pizza party is the Model A Swap Sunday, February 23<sup>rd</sup> at the Washington County Fair Grounds. Loads of vendors and swap items. Stop by and check it out.

March is a way's out but be sure to mark your calendars for the WEM club dinner on Sunday, March 22<sup>nd</sup>. There is no charge for those that worked our 2019 All Ford Car show. A little incentive for members sign-up and pitch in for our coming 2020 All Ford Show.

We are locked in on the dates for the 2020 Dearborn Over the Road Cruise. We will be on the road Wednesday, August 5<sup>th</sup> through Sunday, August 9<sup>th</sup>. More details as we get things set up. It'll be a great time again this year!

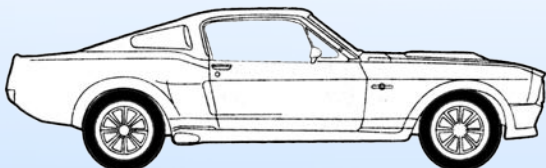

Be sure to note that there is **NO** scheduled February meeting.

See you on the road!

Glenn

## January Calendar:

WEM Events Are In Red

- > Wed 1st - New years Day (Happy New Year)
- > Tue 7th - National Bobblehead day
- > Sun 19th - National Popcorn Day
- > Mon 20th - Martin Luther King Jr. Day
- > Sat 25th - Chinese New Year (Year of The Rat)
- > **Mon 27th - Next WEM Meeting [Waterstone Bank](#) 7:00 pm**

**REMINDER:** if MPS Schools are canceled due to weather, WEM events are also canceled.

Be sure to visit our web site [www.wemustangers.com](http://www.wemustangers.com), for pictures of recent events.

Also, check out Wisconsin Early Mustangers Facebook page. [WEM Facebook](#)

**Don't miss the Fun, Thrills and Excitement, act now!**

**Renew your membership today and beat the rush.**

*"A Few to Preserve the Best"*

**PRESERVATION • RESTORATION • ENJOYMENT • DEDICATION • EDUCATION**

**The Wisconsin Early Mustangers invite you to join!**

- ◆ Do you enjoy meeting new friends with the same interests as you?
- ◆ We welcome all years of Mustangs and Ford products.
- ◆ We are a Regional Club of the Mustang Club of America.
- ◆ Activities include monthly meetings, an annual car show, over-the-road trips, a monthly newsletter, and fun times for all ages.
- ◆ We encourage family participation! Remember, these cars are meant to be ENJOYED!
- ◆ Annual dues are only \$15 for a Family Membership. Due the first of each year.
- ◆ Meetings are held on the last Monday of the month (except February, May and December) at WaterStone Bank, 6560 S 27<sup>th</sup> Street, at 7pm.

A quick tip to pass along. As I am progressing with the work on our '68 Torino GT Fastback, I needed some minor interior help. The original seats are in excellent condition except for a couple minor tears. I asked around and found a guy that does fabulous work. He stops by where your car is to do the work. He stopped by our garage and in a couple hours he was complete. The work turned out great! He is Matt O'Neal of Creative Colors International. He services southeastern Wisconsin. Here is his contact information:

# The Problem With Air?

*Is there really an advantage to using nitrogen rather than air in car tires, such as better fuel economy, a smoother ride, or longer tire life? Air is 78 percent nitrogen and just under 21 percent oxygen, and the rest is water vapor, CO<sub>2</sub>, and small concentrations of noble gases such as neon and argon which have little impact in tire pressure.*

*There are several good reasons to use pure nitrogen in tires. First is that nitrogen is less likely to migrate through tire rubber than is oxygen, which means that your tire pressures will remain more stable over the long term. Racers figured out pretty quickly that tires filled with nitrogen rather than air also exhibit less pressure change with temperature swings. That means more consistent inflation pressures during a race as the tires heat up.*

*Passenger cars can also benefit from the more stable pressures. Humidity (water) is a bad thing to have inside a tire. Water, present as a vapor or even as a liquid in a tire, causes more of a pressure change with temperature swings than dry air does. It also promotes corrosion of the steel or aluminum rim and can damage today's tire pressure sensors (TPS).*

*Any system that delivers pure nitrogen is also going to deliver dry nitrogen. Filling tires with nitrogen involves filling and purging several times in succession, diluting the concentration of oxygen in the tire. This will also remove any water.*

*With nitrogen, your tire pressures will remain more constant, saving you a small amount in fuel and tire-maintenance costs. There will be less moisture inside your tires, meaning less corrosion on your wheels. Tires were filled with nitrogen generally have green valve-stem caps.*

*Nitrogen is no substitute for proactive, regular tire care and maintenance. Checking tire pressures at least once a month is a good idea, no matter what's inside.*
