## THE FEEDBAG

From the Prez ,

December 27, 1999

Hello All. I hope that everyone had a wonderful Christmas and that you all have a joyous New Years !! Hopefully no Y2K problems will arise for anyone.

Well Tammy, William and I had a great Christmas. I do have to say that William didn't get too involved in opening any of his presents. He mostly just sat in his seat and watched the Christmas tree. Next year should be really fun. He'll be up and mobile and wanting to get into everything. Wait, did I just say that it was going to be fun ?? Actually we are looking forward to it. I never realized just how fast kids do grow up. William was just in for his 2 month checkup and he is already almost 12 lbs. The doctor says he is going just fine. He has even been letting us get some extra sleep at night. He's been sleeping for over 5 hours at a time. In fact, he gave us a very nice Christmas present on Saturday and slept for over 7 hours. Hopefully he will continue the trend.

As you know, we held the elections for club officers at the November meeting. While I do realize that I was running unopposed, I still want to say Thank You to everyone who took the time to send in their ballots or who came down to the meeting. As I have said before, I do enjoy being the President of our club. I consider it an honor to represent all of you and I will continue to promote the club locally and nationally. We have a great group of people in the club ! I see a lot of good things happening in 2000 for all of us. I also want to say thank you to Doug Dorn, who is the outgoing VP. I really appreciate everything he did for me and the club during the past four years. I also want to say thanks to Dawn R. for all her help in filling in as club secretary when Mary Jo had to step down. As I said, I see a lot of good things coming in 2000 for us all. Tom Miller has assumed the VP role and is already hard at work planning some of the upcoming activities. He has a lot of great ideas and we will definately be eager to see what he has planned ! Bob Zimmerman will be taking over as club secretary. He said he's perfect for the job Only he can read his short / long hand !

Well that about raps it up for now. We are trying something different this time. I am submitting this to Bob via e-mail so we'll see if it makes it in one piece :-). Take care everyone and again, have a safe and joyous New Years ! We'll see you all in 2000 !!!!! Remember ... " Keep America Beautiful ... Drive a Mustang ! ".

Scott

## **HAPPY HOLIDAYS FROM YOUR EDITOR**

### **OUTING FORMS**

You will find forms to fill out and return in this newsletter. One for your dues renewal one for the upcoming bowling outing and one for our annual club dinner. Please be prompt in filling out and returning.

## **Mustang voted "all-time favorite"**

Americans have chosen the Ford Mustang as their all time favorite car, edging out the Chevy Corvette. Voting took place last month at the web site of Kelly's Blue Book, a long time source of auto pricing information. Voting was open during November at the site [www.kbb.com](http://www.kbb.com) which attracts 2.5 million "hits" per month. Voters used a ballot featuring 1200 models of cars and trucks made since 1950. the following 15 vehicles were named Americas all time favorites.

- #1. Ford Mustang
- #2. Chevy Corvette
- #3. Chevy Camaro
- #4. Honda Accord
- #5. Toyota Camry

- #6. Dodge Viper
- #7. Chevy Bel Air
- #8. VW Beetle
- #9. Pontiac Firebird
- #10. Honda Civic

- #11. Ford Pick up
- #12. Ford Thunderbird
- #13. Pontiac GTO
- #14. Chevy Impala
- #15. Chevy Pick up

# THE 1964 1/2 & 1965 FORD MUSTANG

1965 MUSTANG FASTBACK 2+2

1965 MUSTANG COUPE

1965 MUSTANG CONVERTIBLE

Assembly line production began on March 9, 1964. The official introduction day was April 17, 1964, or about six months prior to the start of the 1965 model year.

Cars built prior to August 17, 1964 are commonly known as 1964 1/2's, although technically all first year Mustangs are coded as 1965's on their VIN and title.

There were many production variances that separate the "early" from "late production first year cars, but these changes were made on a running basis, and not necessarily coinciding with the August 18 changeover date.

The "GT Equipment Group" and the "Interior Decor Group" options were introduced in April of 1965, one year after the Mustang made its' debut. The new 5-dial instrument cluster debuted at this time with these packages.

GT's have no unique body number, but consist of the following components: Special handling package, front disc brakes, fog lamps, GT stripes, GT ornamentation, bright hood lip molding, 5-dial instrument cluster, dual exhausts with chromed trumpets through the rear valance. The GT options were available with the "A" and "K" engines only.

The special handling package was available for any Mustang with the "A" or "K" code 289, and consisted of the following: increased rate front and rear springs, larger diameter front suspension bar.

Luxury model Mustangs have their own unique body number, and are those cars with the "Interior Decor Group", which consists of the following: Embossed vinyl inserts of "ponies" on the front and rear seats (front seats only on fastbacks), padded visors, woodgrain deluxe steering wheel, red and white courtesy lamps in the doors, molded door trim panels with integral arm rests, walnut-look 5-dial instrument cluster with matching glove box door, bright trimmed foot pedals, and half carpeted kick panels with a bright center strip molding.

Two types of Rally-Pacs were offered in 1965. The so called "1965 Type" and the low profile "1966 Type". The low profile type better accommodated the new 5 dial instrument cluster that debuted with the "GT Equipment Group" and the "Interior Decor Group". The low profile Rally-Pac continued in 1966, hence the name 1966 Type.

is deleted on Fastbacks GT's and cars with Accent stripe. Cars built before May 15, 1964 had a non-adjustable front bucket seat on the passenger side.

The GT350 is a special two seat fastback, utilizing a cobraized version of the Mustang high performance 289-4V ("K" code). Modified by Carroll Shelby in Los Angeles, California, the purpose of the GT350 was to qualify a Mustang for "B" production amateur road racing-- to beat the Corvettes on the track. The "R" model GT350 was a special race-ready Shelby. Recent research by the Shelby American Automobile Club has turned up 37 Authentic "R" models which were built in 1965 only..

# **ANNUAL MEMBERSHIP RENEWAL**

IT'S TIME ONCE AGAIN TO REPLENISH THE W.E.M. KITTY. YOUR MEMBERSHIP FEE OF \$15.00 IS DUE BY JANUARY 1ST. WE ASK THAT YOU ARE PROMPT IN SENDING IN YOUR DUES AS IT MAKES BOOKEEPING ON OUR END MUCH SIMPLIER. PLEASE FILL OUT THE FORM BELOW AND INCLUDE IT WITH YOUR FEE.
