"A Few to Preserve the Best"

Preservation - Restoration - Enjoyment - Dedication - Education

Hello Mustangers!

Here it is a new start to another great year. This year should bring many good Mustang things to do! Lots of upgrades, mod's and some simple wax and shines. Maybe even try out some of that new ceramic coating on that finish. We certainly hope everyone had a great Christmas and holiday celebrations.

Plans are all steam ahead for the WEM All Ford Show that will be on **Sunday, May 23, 2021**. With health concerns still around, we will be very aware of how we set up for this years' show. I believe if the weather is in our favor, our show will be as big as ever.

Be sure to get your 2021 annual dues to Jack before the end of January. Annual dues are set again at the low-low nominal fee of \$15 per family. A deal that cannot be beat!

The club is still considering another annual Pizza Party. The date and location are still being researched due to covid 19 considerations. So, watch the website, FaceBook page and the newsletter for further information.

Remember, there is a Mustangers meeting on **Monday, January 25th** at Joe's K Ranch. But there is NO February meeting.

See you on the road!

Glenn

Happy New Year!

2021 All Ford Car Show meeting December 5th, 2020, 1:00 PM Ewald's Venus Ford

Present: Glenn Furst, David Hartley, John Surges, Scott Moen, Tammy Moen, Judy Schultz, Tom Miller, Bob Paul, Don Schultz, Laura Franza, Gary Fedder Meeting started at 1:05 PM

1. Alternative Show (If needed?)
 - a. Glenn: WE should just plan on having the show with some changes to classing and changes to public space usage. Change the car classes for Mustangs to a system based on the model generations. For the Early to late model Fords combine the subclasses to create minimum of classes to cover all models of Ford, Mercury, and Lincoln. Use of the premises restricted to exterior for all general participants, interior space restricted to club members only, to conduct club business only. All participants will register at the gate, we will not have any preregistration. Participants will be given packets containing a window plaque card and information on registration, and ballot sheets. Raised the questions of the cost to produce plaques and if there are fewer classes, we could save money This would be a benefit to Ewald's Venus Ford who pays for this. We should still be concerned about the cost though.
 - b. Glenn: Brought up the uses of tents for some activities, such as the swap area. It is thought that most of the swap meet participants are used to other shows that utilize outside displays and have equipment to handle outside displays.
 - c. Scott: Mentioned the door prizes and need for tables and positioning them to limit the amount of access given to the public entering the building. Some of this will need further thought during the setup time period.
