

The Wisconsin Early Mustangs

"A FEW TO PRESERVE THE BEST"

THE FEEDBAG

From the Pres.

February 1, 1991

Good to see many of you at the January meeting. We seem to be getting this year off to a nice start. Really good response on our bowling outing. It's just about filled up. The March 9th Club Dinner at the Rafter's should be pretty nice. Look for more info elsewhere in this newsletter. Those who worked at the show will have some form of ticket enclosed telling you that you have a free dinner coming. Be sure to send it back to us with your choice of entree. The rest of you please try to get your response back so we can plan ahead.

We will be sharing a spot at the Fair Park Swap Meet on the 17th of February. Our friends in the Midwest Ford Club will be with us. The show fliers have arrived, so we will be sure to be passing them out that day. If any of you need some earlier, just give us a call. We'll try to get them to you. We would appreciate some help at the show, even if only a half hour manning the table. So if you can spare a few minutes, stop by.

This year we have raised the car show admission to \$5.00 at the gate. However if you help out by registering early, we have kept the early fee at \$3.00. We hope this will encourage most to get their show registrations in early.

I'm back to work on a project for Nabisco, so the running starts. I drove back to Milwaukee for the Jan. 28th meeting, and was happy to see a good turn out. Hard to believe that in a few short months those 'stangs will hit the road again. Until then, stay warm and "keep on 'stangin'".

Dick Doria

FROM YOUR EDITOR

I would like to give a big hats off salute to Dick Doria for the fine seminar he put together for us. The topic was carburation and he did a fine job covering all the basic fundamentals of the fuel combustion system of an automobile. He kept it basic enough , so a novice like myself could comprehend, but was able to explain the more complex problems that are encountered by all of us. Nice Job Dick.....

By now most of you have viewed a few of the segments of the Classic Car restoration show being aired on Saturdays on Channel 10 at 6:30 PM. The format is very good and it is geared toward the average auto restorer, not the professional. I have viewed the first two segments of this series , and have found it to be very well done I am also video taping the entire 13 weeks of the series. I hope to get the entire series on one tape. If you miss the show we will have extra tapes available

I would like to announce that starting with the next edition of the Feedbag we will be adding a new column. The column will deal with various questions you may have about the Ford Mustang. These questions can deal with all aspects of this vintage automobile. If you have a question about performance, restoration, or just want some facts about a particular model year, we will make every effort to address them in this new article. You are the key to the success of the article. So send in the questions that have been puzzling you.

You will find a coupon in the newsletter for our annual club banquet. The date of this affair is Saturday March 9, 1991. Please send back to club headquarters soon, so we can plan for the proper headcount.

Until Next Month
Fraternally Yours,
Bob Zimmermann

MINUTES FROM MEETING HELD 1/25/91

- The meeting was called to order at 7:30 PM by president Doria
 - New member Steve Morici was introduced
 - Dick Doria and Bob Zimmermann gave the treasurers report & minutes.
 - A report on the seminar given by Dick Doria on Jan 5. was given. Eight people were in attendance. The topic was carburetors and there functions. It was presented in a very fine laymans fashion.
 - Bob Z stated that all those who have ordered a club jacket have received them. It is possible that another jacket order will be placed late in summer if there is enough interest.
 - Bob Z reported on the upcoming bowling party to be held on Feb 24. Only a few openings remain and will be filled on a first come first served basis.
 - The annual club dinner is set for March 9,1991. A coupon will be in the newsletter. It is important that these get returned to club headquarters by Feb.25th..
 - A committee meeting for the W.E.M./ Schwister Ford car show will be held at Sal Lorinos house on March 24th. All are welcome to attend.
 - Help is needed to pass out show fliers at the St Fair swap meet held on Feb 17th. No time assignment will be given, just show up and report in.
 - Dick Coyle has planned the May 5th Brunch Run. It will be held at Barths again this year. More information will be published in the Feedbag.
 - The meeting was adjourned at 7:58 PM.
-

NEW COLUMN COMING TO THE FEEDBAG

We plan to start a new column starting with the March edition of the Feedbag. In order to make this new column a success we need your help. This new column will deal with questions you may have about the Ford Mustang. They can include questions about performance, restoration, or just plan facts you want to know about a particular model year. Send your questions to:

CAR OF THE MONTH

**1966 MUSTANG CONVERTIBLE
OWNER: MIKE CIEPLAUCH**

I purchased my 1966 convertible for \$100 in 1976. I was just shy of the required driving age of 16 years. After a few years of driving it during my high school days and doing some much needed engine and body work, the car was painted for the first time by mark Chojnacki. Then after a few more years passed and I was in a better financial position I did most of the major restoration.. A new top was installed at Jax Upholstery. The 289 engine was completely rebuilt by Phil Guyer and I. Then I had the entire body restored and repainted at Pete's Auto Body. The car is equipped with a pony interior. It's a great feeling to drive around "topless" on a nice day.

Sighs of the Times

Isn't it amazing how a computer system can show signs of obsolescence before half the users figure out how to work it? —Quoted in *Country*

Today's couples promise to love, honor and obey all prenuptial agreements. —Iveta Ball in *The Wall Street Journal*

Nowadays you could get to where you're going by train in the time it takes to find the lowest air fare. —James Holt McGavran in *Ideas for Better Living*

Thanks to automatic teller machines, we no longer have to tell children money doesn't grow on trees. They now think it comes out of a wall. —Loretta V. Swisher

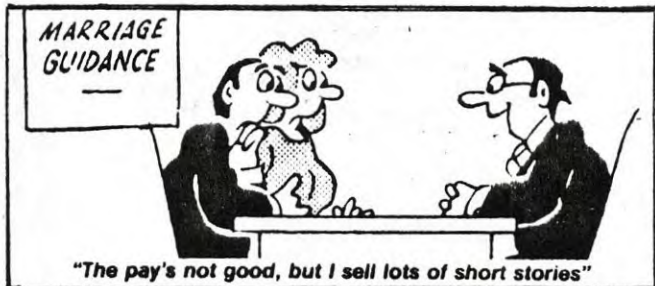

Today when they say, "His word is as good as his bond," we hope they're not comparing it to a lot of junk. —George O. Ludcke in *The Wall Street Journal*

Swimsuits these days are cut down to here or up to there. Most of them aren't suitable for women who have either no here or too much there. —Mary Ann Lindley in *Tallahassee Democrat*
