THE FEEDBAG

From the Prez.

June 28 , 1999

Hi Everyone,

Our annual All Ford Car Show has come and gone. And what a time was had by all. I would like to thank all the members who came down with their cars and made our show a success. We had a total of approximately 160 cars. Not as many as we have had in the past , but still a respectable number. Ultimately , we would like to have over 200 show vehicles on a consistant basis. For those that weren't able to make it , we would love to see you at the show next year. For those that were at the show , I trust it was warm enough for you. It was in the low 90's with more humidity than I really cared to be out in, but at least there was a decent breeze off the lake. The sun was out the whole day and and the rain didn't move in until after the show. I guess you can't complain about that. I would also like to thank everyone that helped out on Saturday for setup and Sunday for the show and tear down. I think we have this down to a pretty good science. Hopefully next years show will be a success also :-)

Unfortunately , Tammy and I weren't able to make it out to the show in Watertown on the 12th. I hear that they had around 20 cars and that it was a good time. I hope we will be able to make it next year if they consider doing a show again.

One thing before I get going here. With all the stuff happening the day of the show, I didn't have time to update my show help list. So if you were there for set-up on Saturday or Sunday for the show and helped out , please make sure you drop me a note or an e-mail with your name(s). I'm normally more organized than this and I do apologize. Thanks

Well that's about all for now. I hope that everyone is enjoying the summer and the nice weather. I've seen a lot of nice cars on the road as of late. It's good to see them out and about. Take care everyone and remember , " Keep America Beautiful Drive a Mustang ! "
