August, 2018

Hello Mustangers!

Boy, July sure went by fast! It was a great month for getting out in your 'stang and cruise. We had some really nice car shows, as well. From Gus's in East Troy to the Fox Lake Firefighters Car show, Karen & I have had some good times.

I recently received an email from the Milwaukee *Concourse d'Elegance* mentioning the Show and Glow Paddock is filled and now closed to new registrants. I hope some of our members have signed up to be present at the Show & Glow. If you have not signed up, be sure to stop down to Veterans Park on the Milwaukee lakefront on August 5th to enjoy the event.

Our **club picnic** is coming up fast. On Saturday, September 8th at Lions Legend Park, 8717 West Drexel Ave starting at 2:00pm. Please contact Sharon and Roger Nickolaus at 414-405-8004 or 414-761-1907 letting them know what dish you wish to pass. The picnic is always a good time with friends of Wisconsin Early Mustangs. Oh, and be prepared for a poor rendition of *Trailer for sale or rent, rooms to let, fifty cents....*

Be sure you sign up soon for the **Dick Doria Door County Fall Color Road Trip**. You **MUST** be signed up before **September 1st**. The **AmericInn**, Sturgeon Bay is releasing all rooms by this date. For more details for this year's cruise on October 5th through the 7th, see the flier in the newsletter. Hmmm.... I'm getting hungry for that awesome broasted chicken family style dinner at Susie's Place on the way up!

I would also like to make a plug for the free Kenosha Classic Cruise-in, Saturday, September 1st, Downtown Kenosha. Last year there were a reported 1,600 cars. Phenomenal event! We'll be there!

See you on the road!

Glenn

The club is still in need of a new secretary. It doesn't require a lot of time or special skills other than basic word processing and ability to send and receive emails. The pay has no equals (Key words **no, pay) and the benefits can't be compared (**there are none**) All that being said you will be doing the club a great service.**

Listen to what your tires are telling you.

Proper alignment, correct tire pressure and being in balance help to make your tires perform as they should, extend tire life and get better gas mileage. Filling tires with nitrogen helps maintain correct pressure and helps reduce damage caused by the moisture that is contained in compressed air.
