"A FEW TO PRESERVE THE BEST"

THE FEEDBAG

From the Pres.

September 3, 1990

It seems like we were just on the Icebreaker Brunch. But, look at this, it's time for the Mississippi River and Door county trips. I don't remember a summer going by so fast. This weekend we at least got to drive the old black 'stang a bit. Really was nice just to be around town for a while.

I have to give a little plug to the boys over at JAX seatcovers on the nice job they did on our convertible top. Looks great and fits great. Also, the gang at Pete's Auto Body deserve credit for helping me out on a moments notice (as my usual M.O.). They changed the windshield gasket on our black convert. Please remember to patronize these and our other newsletter advertisers. They help to keep your dues at a low level and support our club.

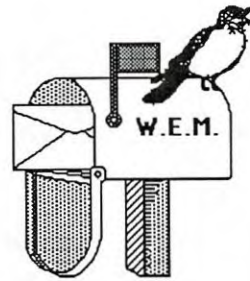

The early late model work car, '79, now has a set of factory steel tube headers. They fit like a glove and went on relatively easy. At least now, if I ever get around to the engine, we'll have the compatible exhausts installed. Thanks to all who have called on late model engine possibilities. So far we havn't connected, but don't give up. Remember, I'm looking for an '86 to '90 Mustang or Mark VII 302 with the harness and computer.

Have to apologize to Dean Hillestad. I think between Bob and myself, we misspelled his name three or four times last month.

Finishing up on the Ritz Bits project in New Jersey this month. Looks like next it will be Richmond Virginia. After that we might see the Chicago area for a while. Even so, we try to keep in touch. You do the same. As always, "keep on 'stangin'".

FROM YOUR EDITOR

.....

If anyone is still interested in ordering a club jacket there is still time. An order will be placed in October. For those of you that have already expressed interest I will be in contact with with you either at the club meeting or shortly after. It will be necessary to pay for the jacket prior to placing the order.

We are putting together a club rally for the end of October. Due to the rather short notice please respond via flier coupon in this newsletter ASAP. Mike Cieplauch has agreed to organize this event. It takes a lot of time and effort to put these Ralleys together so let us know of your interest.

Finally, If anyone finds out the air time of the channel 10/36 Mustang Restoration program which is slated to be shown this Fall Please pass this info along to me as I will publish it in the newsletter.

Once again thats all for this month.

Until Next Month
Fraternally Yours
Bob Zimmermann
