## *The Feedbag* ...what happened ...and what's happening.

### From the President

July 5, 2015

Hi Ho Mustangers,

This will be a short letter this month as I have a lot of family stuff to take care of. My brother was in town last week to help, but now I need to handle things as the sole first responder. I am sure all will work out well, but it is hell for now.

There was a lot going on last month with the Dearborn Trip. Things could not have been better with all the cars that Ford brought out for us to see, the Ford Rouge factory tour, and the Edsel Ford Estate with all the 17<sup>th</sup> century stuff. Wow!!!!!!! A big **THANK YOU** to Bob & Deb Tice, Glenn & Karen Furst, and Roger & Sharon Nickolaus for making this trip happen.

Iola is next weekend, as well as the Eric Von Schledorn Ford & Mustang Roundup in Random Lake. I will be up in Iola for 4 days, time permitting. The EVS show has been moving dates around for a few years and this year it is Iola weekend. Good planning! I have been there in the past. It is a good Mustang show and worth a look for all of you.

The Wisconsin Ford Show at Soerens Ford is coming up July 19<sup>th</sup> and as in the past they need help parking. I know that four or five Mustangers are helping, but they could use more. I have to work that weekend and will not be attending. I have helped out for the last 5 years or so. If you can help, contact Jack Winter. Thanks!!!! That is all for now, more next month.

Yours in Stangdom,

*Tom*

# WEM 6/30/15 Meeting Minutes

The meeting was called to order by president Tom Miller at 7:00 PM.

Sharon Doria read the Treasury Report, and it was approved as read.

John Falkner read the April meeting minutes (no May meeting) and they were approved as read.

## Old Business:

- 🐾 Jack Winter reported on the Brunch Run. We agreed it was a great location, food, parking, etc., and agreed to keep the same venue for next year. He also said the Fox & Hounds sent a nice letter of appreciation.
- 🐾 Jack Winter did a car show recap. We had 76 pre-registered this year and a total of 167 registered on a lousy weather day (down about 100 cars), but we still made a profit.
- 🐾 Tom Winter thanked Jack for his over 10 years as show coordinator. Since Jack is stepping down, Tom stressed the need for a new show coordinator to come forward by our November club meeting, or we won't be able to have a 2016 show.
- 🐾 Bob Tice reported on our Dearborn trip giving credit to Dawn Raduechel for kicking it off, Roger Nickolaus for leading the group over and picking the great lunch spot, Glenn Furst for arranging the two Ford events that had Global Director of Ford Performance, Dave Pericak bringing a GT-350R to our motel, and also setting up the Cars & Coffee at the Ford Development Center where our members, Ford engineers and marketing brought their cars. They even had three Ford test mules that we all wanted to adopt so they wouldn't be sent to the crusher as scheduled. The Rouge F-150 assembly plant tour (where they produce one truck a minute with every one sold before it rolls off the line), and the Grosse Point Shores estate of Edsel & Eleanor Ford home tour with its impressive European antique art, fireplaces, and paneling were other highlights of the trip. Glenn Furst asked for pictures of the trip that he will include in a PowerPoint for us.
- 🐾 Apparently none of our local WEM members made it to the Fox Valley Ford & Mustang Club Father's Day Show, but Lynn Schleitwiler said they had 146 vehicles

Door Prizes: Tom Miller passed out four \$25 Auto Krafters gift certificates, five Amato Ford deluxe car wash certificates, and three Dearborn goodie pouches.

## New Business:

- 🐾 Tom Miller reminded everyone about Iola coming and he will not be available for those four days.
- 🐾 Tom Miller brought up the Soerens Ford show, asked for volunteers, said they should be there by 7:45 AM at the start of the show to help with parking.
- 🐾 Sharon Doria said the motel and restaurant are all set for our Door County trip, details to be coming soon, and to sign up early so you don't get left out.
- 🐾 Roger Nickolaus said the WEM picnic will again be at Legends Park, but at a different area on September 12<sup>th</sup> starting at 2:00 PM and eating at about 5:00 PM. Maps and details in next newsletter.
- 🐾 Shane Potter asked about hosting a national MCA event since there aren't any in Wisconsin. Tom Miller said these are usually three-day events requiring a lot of time and effort, plus these judged shows are very picky about everything. Tom Miller offered that maybe several Mustang Clubs group together if there is enough interest. John Falkner asked how many would be interested and only two people raised their hands, so it looks like we will not be going in that direction.
- 🐾 John Falkner was contacted and asked if there was interest in doing a 20-30 minute parade at Wisconsin State Fair. We decided on Wednesday August 12<sup>th</sup> and had seven volunteers. (After calling for details the next day and finding parking was wherever we could find it, we declined the parade.)
- 🐾 Jack Winter reminded us that the Car Craft Nationals will be coming up at Wisconsin State Fair Park and they have over 6000 cars registered so far.

Tom Miller asked if there was any more new business, and finding none moved to close.

The post meeting continued at the Culver's on 6<sup>th</sup> and Layton. The new Oscar's in the old Omega should be open within the next few weeks for our next "post meeting" meeting.

# Wisconsin "Collector" plate new info

Inserts copied from <http://www.dot.wisconsin.gov/drivers/vehicles/personal/special/collecto.htm> and then clicked on "Collector Plates"

## Things you should know:

- Collector registration does not expire for as long as you own the vehicle. However, **Collector registration is not valid during the month of January**. For operation in January, use form [MV2750](#) to apply for temporary registration for a maximum of 5 consecutive days in January. Temporary plates are not available for operating the vehicle while collector plate applications are being processed.
- WisDOT assigns a Collector license number to the owner of the collector vehicle. If the owner registers other collector vehicles, WisDOT issues the same collector number with a letter suffix to each collector vehicle owned by the same person. Example: If WisDOT issues Collector plate number 99999 to a collector vehicle owner, the owner's next collector vehicles will receive plate numbers 99999A, 99999B, etc. **Collector license plates cannot be personalized.**
- Except for the four former military vehicles listed above, truck type vehicles with Collector plates cannot haul materials weighing more than 500 pounds. To determine the approximate weight, use the weight of the vehicle, full tank of fuel and equipment normally on the vehicle including the weight of a camper, lid or cap that is mounted on the truck and the weight of any persons or pets riding within the driver's compartment.
- Vehicles cannot be used for commercial purposes or operated for hire.
- Except for motorcycles, which receive one plate, WisDOT issues two Collector license plates that must be displayed on the vehicle.
- The owner of a vehicle with Collector license plates may register other vehicles he/she owns or leases with [Collector special](#) license plates. Collector special license plates expire annually and are available for autos, trucks (registered at 8,000 pounds gross weight or less), farm trucks (registered at 12,000 pounds gross weight) and motor homes.
- **A person who registers a Collector motor vehicle that was manufactured before 1979 may display a historical plate from or representing the model year of the vehicle when driving to or from a car show, or during a parade, if the registration and plates issued by the Wisconsin Department of Transportation (WisDOT) are simultaneously carried in or with the vehicle and are available for inspection by law enforcement, upon request.**

---

So...? *You can legally use the model year of your collector car as a FRONT license plate under these conditions, with the current state issued one in back.* I have also noticed many cars at cruise nights and car shows that do not even have a front license plate, and many states do not have a front plate requirement. My '15 Mustang was delivered in Florida without having a front plate bracket even installed on the car, and I've not had an issue in over 10,000 miles. However, *Wisconsin law does state the front plate IS REQUIRED.*

John
