

The Wisconsin Early Mustangers

"A FEW TO PRESERVE THE BEST"

1-15 81

"The Feedbag"

"THE CHRISTMAS GET TOGETHER"

Our first annual Holiday function was held December 13, 1980 at Penny Ottow's home. The night was very cold but everyone was filled with the warmth of good fellowship and the thought of the coming holidays.

Much of the talk, of course, centered around the Mustangs and all the work that had to be done before spring. However, from my recollection I told of my first goose kill of the year with a "35 gauge 36" barrel shotgun". Thanks to my husband Jim the weapon was properly identified as a 20 gauge pump with a 28" barrel. (Almost sounds like a fish story, right?) I just sat down and asked for a second drink, not quite sure of myself. Dick Doria was telling some stories too, about three way gas cap swaps between Bob Zimmerman, Bob Beauparland and himself. Even managed to get it right, Dick must have been having quite a good time because it took Sharon almost an hour to convince him it was time to go home.

Much thanks should be given to Penny Ottow and her super folks for making the party a success. The food was superb. All kinds of good stuff. Even a seven layer salad, that could not be matched by any European Chef. Delicious. Mrs. Ottow, thanks again for your hospitality and your husbands fine bartending.

Bye for Now

Marlene

"From the Pres"

Here we are in 1981, numbering 43 strong. I'm very proud of our club as you all might have noticed. The staff and I are putting much work and planning into the activities for the year to come.

The February Dinner has been moved to the 28th and will be held at Pinnacle Peak on 139th and Capitol Drive. It will be at 7:00 P.M. Reservation fee is \$1.00 payable at the next meeting or by mail to Sharon Doria. (This is deductible from the meal price, of course). Should be a very nice time. More on that at the January 26th Meeting.

The Dearborn trip on May 14th is proceeding right on schedule. Good recon work by Mike Long and Steve Barmash have helped trip Chairpersons, Bob and Shirley Beauparland to get a good lead on reservations for us. We are tentatively staying at the Dearborn Inn. Bob is working on a group rate for us. Preliminary head count will be taken at the next meeting. So get in gear and don't miss the "Best One Yet".

2511 W. Carrington Ave. Oak Creek, Wisconsin

Don't forget the "Old Milwaukee" Swap Meet at Mecca, February 8th. We have been given a space free of charge to recruit members. We will be located at the main entrance to the Swap Meet. More on this at the meeting.

The second order of Jackets has been filled and those who haven't yet can pick theirs up at the Meeting, January 26th. Or if you like stop by our house earlier. We have started to compile a third jacket order for early in February, so get your orders in.

Talk of an "All Mustang" day at Great Lakes Drag Strip in Union Grove is being heard. If this comes true, you can bet we will try to help in any way possible.

Any members who have not attended a meeting yet, try to do so if at all possible. It will be to your advantage to see your club in operation. Also you could toss in a few of your good ideas for consideration along with the other members. This group really has got good things going for it.

See You

Remember, Next meeting is January 26, 1981 7:30 P.M. at the Wauwatosa Savings and Loan office at 27th and College Ave.

Please add the following new member to your roster and Welcome him to the club.

DAVID P. YAHN

71 CONV.
