The Wisconsin Early Mustangers

"A FEW TO PRESERVE THE BEST"

"The Herdug"

February 5, 1982

FROM THE PRES.

It was nice to see many of you at the Club Dinner on January 23rd. Look for some nice comments in "Kelly's Corner", later this issue.

Decided to take the big plunge this year. Pulled the little red '65 convert out of storage early and ran it over to the body shop. It will have its inner and center rocker boxes and torque boxes replaced. She's been so good to us over the years, I just hated to see her doors pinching. After that's done, I hope to give the body a little clean-up work and lay on one more coat of paint. Got to be ready for our "over-the-road" trips.

We received a desperate letter from the Mustang Club in Vancouver, Washington. They are having pretty much trouble getting any participation from their membership. They grew from a handful of people in 1978 to over 100 last year. They said that they're lucky to get 15 or 20 at a meeting. They plan activities almost every month, but still no interest. I am going to correspond with them and find out more about their problems. If we can help at all, it would be good. I am still thankful of the amount of participation from our members. But, don't think that couldn't happen to us. Don't ever get to sitting on your thumbs. Make our club work for you! Keep on 'Stangin'.

Dick Doria

THE MEETING - JANUARY 25th, 1982

The weather was a little rough so we had less than normal, but still a nice turn out for the January meeting.

UNDER OLD BUSINESS: Our jacket order is now closed. We'll start another one next fall. We had a short report on the January 23rd Club Dinner. May 21st was set for the date of our Mississippi River road trip. We are considering suggestions for our mid-summer trip so keep 'em coming. Antenna Flag information is still being obtained, but nothing noted so far. May 8th is set as our Mustang Club Swap Meet. We are going to get a head count at the next meeting for the event. Bob Zimmerman is still working on our car show for late spring or summer. Don't forget, when your renewal reminders come from the M.C.A. National, send them to our Regional. We pay your dues through our club. At this time, there will be no dues increase. The postage and printing charges are being offset by sales of T-shirts, decals, stickers and such, plus business card advertisers in our newsletter. Patronize these businesses, they are keeping your dues down.

UNDER NEW BUSINESS: Our new foil stickers are available at 3/\$1.00. They look great. We have some possible seminars coming up on total body stripping, carburetors, ignition and possibly engine rebuilding. For informational sake, an Amzoli distributor has agreed to come to our next meeting to give use the pros and cons of synthetic lubricants. We will actively pursue an alliance with the Fox Valley Mustang people starting in Spring this year. We may try for a joint meet to break the ice.

2511 W. Carrington Ave. Oak Creek, Wisconsin

NEXT MEETING: MONDAY, FEBRUARY 22, 1982 AT 7:30 P.M. - WAUMATOSA SAVINGS & LOAN -
27th Street & College Avenue

"KELLY'S CORNER"

Second Annual Club Dinner

Again, the weather didn't want to cooperate with us, but approximately 40 showed up for a "HIGH" time at Gritz's Pzazz. There was lots of talk of plans for after the greatly anticipated thaw when our Mustangs will again be taken out of hibernation.

After a fantastic dinner (plenty of delicious food), dessert was on the Fitzlaff's as we celebrated Ron's birthday. They had a beautiful cake decorated with the club logo and even a little Mustang.

No one looked forward to going out in sub-zero temperature, but all good things must come to an end. And as we shivered in the cold, we also knew, sooner or later, winter too must come to an end.

Kelly Beauparland
