

The Wisconsin Early Mustangers

"A FEW TO PRESERVE THE BEST"

"The Bierday"

"From the Pres"

We had one heck of a good time at the Fourth of July Parade with many of you. Over thirty cars were in that parade. Really impressed the natives from the feedback I've been getting.

If anyone that hasn't signed up for the July 30th - 31st trip to Goodman, Wisconsin is still interested call me at Club Headquarters. I have a reservation deadline of July 20th.

Shar's orange 'stang is still waiting for final priming and paint. We have replaced both U-joints. Also the total brake system is in the process of restoration, including shoes, drums, cylinders, lines and even new emergency cables. Going to try the DOT 5 silicone fluid on this one. Had to make up a special speedometer cable with a head end for a Mustang and a Trans end for a 73 Kent-Ford Trans. Thanks to Pete Yoss, I finally had the guts to remove the roof drip rail trim strips to clean up some surface rust under there.

A personal thanks to Ron Neisner for the beautiful handcrafted wooden Mustang he presented me with at the last meeting. I believe some of the other members at that meeting will try to convince Ron to carve up a few this winter.

We have learned a lesson from our over planning of activities this year. To much of a good thing is as bad as not enough. Next year when we lay out our calendar of events we will mainly schedule out the "over the road" trips, club picnic and the swap meets. Other activities will be scheduled as they come up. We ended up with almost every week-end in the summer holding some sort of activity. We have to face facts that as much as we love our 'stangin' activities there are other things in life too. We feel that less formal events of a more carefully planned nature will foster better participation.

We will be providing some beer and soda at the club picnic, August 14th. It should be a good time like the last 3 have been. Bob Zimmerman is waiting to get me in softball again! My team is sitting with a 1-2 record. I'd like to even the score this year. "Keep on 'stangin'".

"One Day Trip" to Kaukauna
Wisconsin International Raceway

Twelve ponies trotted to Kaukauna to watch the races on a lovely, sunny day. Once at the race track they had a special roped off area just for us to park. Drivers got to see the races at a discount price and also received a complimentary program. After time trials and before the races we took our Mustangs on a couple parade laps while the announcer announced the years of the cars and the drivers name. He also told a little about our club.

Much thanks to Ron & Lee Fitzlaff for all their work in making our first "one day trip" a real success and so enjoyable.

Oak Creek 4th of July Parade

The little town of Oak Creek sure took notice when their 4th of July parade doubled in size this year. Although, we didn't get 50 cars like Dick wanted, what we had (I lost count at 30) sure looked nice. Fabulous turn-out!

After the parade we parked together and chewed the fat awhile. There was free soda and ice cream, and games for the kids.

It was really a fun parade and maybe next year we can get together 60 or more Mustangs!!
