

The Wisconsin Early Mustangs

"A FEW TO PRESERVE THE BEST"

THE FEEDBAG

From the Pres.

September 5, 1988

I'm always glad for Fall to arrive from a temperature point of view. But, I'm sad to know that another Mustang season is winding down. We still have our Sept. 11th ball game, the Poker run on the 25th, the day trip on the 17th and of course Door County on the 14, 15 and 16th of October. It's just knowing that we have to put those ponys in the barn for another season. We sure had a good one. Hope you did too!

Believe it or not, I finally managed to get a few days off last week. Shar and I did some recon. work. One of the places that I had to find out about was a casino near Escanaba, Michigan. I found the place on the Indian reservation near Escanaba. Looks like some of the gang at the last meeting were kind of excited about a small OTR up there this winter. (regular cars, not Mustangs) I will have some info. for the next meeting.

We put about 700 miles on the old black convert. Many compliments along the way. Makes you feel kind of proud. Had lots of inquiries about our club in both Wisconsin and Michigan. We just about caused a traffic jam where I-43 and hwy. 57 split. It seems that we were talking with some 18-wheelers on the way out of Milwaukee and a bunch ahead of us would not be happy until they saw the car that the rest were jawing about. We gave them their wish, then continued on our way.

The club is doing very well, but we are still trying to get a little more participation. The gang turned out excellent for the Lyons-Ryan show that the Midwest Ford Club Held. Nice day, nice show !!! I'm glad we could reciprocate for all their support.

Looks like the garage is ready for another winter cleaning. I didn't think I had enough time to make such a mess. Oh well, no real surprise. This happens every year. I must be like an automotive pack-rat. When I look at some of the stuff, I don't even remember why the heck I saved it.

See you folks through the Fall. Have a nice one now that we can breathe the cool air again. As always, "keep on 'stangin'".

Dick Doria

Well the month of August is now history. It was a very eventful month for the W.E.M. The festivities started with The Madison Classic car show and swap held at Elkorn WI. AT 5:30 AM (yes AM), A group of about 12 sleepy Mustangs caravanned down Hwy 43 to Elkorn. The sun was just starting to creep up behind us as we reached Muskego. What a sight that was to see. The weather was hot,hot,hot. The show was super A lot of beautiful Mustangs as well as othe vintage automobiles. A lot of horse talk and just plan relaxation took place. A great assortment of vendors were on hand to help you reduce your cash on hand.

On August 16 Rich Bruehn lead a small group of Mustangers to Beloit. The Circus drive in was the destination. Due to the short notice the response was very light. Those who participated claimed they had a real good time. This might be something to consider in our 1989 calendar.

August 21 was the annual club picnic. The weather was just beautiful for this event. The turnout was sparse but a real good time was had. Thanks to Rich Bruehn who took over roasting the ton of corn. The corn was very sweet and it was done to perfection. For a while I thought Rich was going to burn down the park getting the fire started. Lots of beer and soda was on hand to help you wash down the corn. Middle Bob Beauparland and myself can boast to the claim of being undefeated club champs at car shoes. For all we know we may even be world champs at this well known sporting event. We took a trip down memory lane as Shirly Beauparland and I brought along all our photo albums which dated back to 1980. I can't get over how old some of the members have gotton. Thank God I didn't change. One good thing was that there were no ants at this picnic.... The bees ate them.....

August 28 the group headed south of the border to Antioch Il to join the fun at the Mid West Ford show and swap. Once again mother nature provided us with outstanding weather. Come to think of it this has not been a typical trend for our group, which normally brings umberellas to all our functions. The show was a smashing success. A real tip of the hat goes to the Mid West group for putting on a real " CLASSIC" affair. A lot of heavy competition was on hand in the Mustang category. Good food, lots of nice prizes and some super music by a group of DJ's known as 39 and holding. Believe it or not my little blue convert even recieved a few votes.

The month of September is also looking to be a fun packed month. The Brewes game and tailgate on the 11th. The one day OTR trip on the 17th. and the rally in Lake Geneva on the 25th. So if you missed out on the fun in August, try to make one of the events in September.

UNTIL NEXT MONTH
FRATERNALLY YOURS,
BOB ZIMMERMANN

The youngster and her mother got onto a crowded bus. The mother was laden down with bundles so the little girl dropped the fare into the box. Feeling an explanation was in order, the child announced in a loud voice, "I'm paying the fare because my mother is loaded."
