"A FEW TO PRESERVE THE BEST"

THE FEEDBAG

From the Pres.

Nov. 14, 1986

This short note is coming from a town called Sherbrooke in Quebec, Canada. It is located about 100 miles east of Montreal. This is one of the things that makes life interesting, as I didn't know about the trip before yesterday. We are evaluating some equipment for another Nabisco division. Sure is beautiful country up here. If it wasn't for the distance it could be one heck of a longer over the road trip. Who knows one of these summers when we're all rich and have lots of time.

My apologies to Bob Zimmerman who was ready to shoot out his first edition of the "FEEDBAG" as editor. He was ready last weekend, but had to wait for this piece of literature before publication. Should have my act together next month as we fall into a more realistic schedule down in the "Windy" as the holidays approach.

Shar and I had a very nice time with many of you at the Door County OTR last month. Sorry Mike and I had to run back to Milwaukee for his physical, but it seemed worth the effort. I sure enjoyed pushing the ol' black 'stang "just a little" down and back.

We're looking forward to the first club bowling tournament and the annual club dinner. These will be coming up after the first of the year. Could be a real nice time. Look for the details and sign up stuff to come.

Got to get going in that darn garage again. Another busy summer out there that took it's toll. I can't even walk around in that famous south-east corner anymore. That's where all those treasures get thrown until they're catagorized. Well, I've seen it worse.

We're not advocating that the 74-78 Mustang II's are collectable or even "true" Mustangs. But, for some reason, Mike, Andrea and I are cornering the market on those little beaters. I've been running one back and forth to Chicago for the last three months and enjoying it. We now have three of the crazy coupes sitting in the driveway. They're good cheap transportation and pretty good handlers too.

Try to face Winter knowing that Spring is around the corner. Be careful in the cold weather. Get yourselves ready for a real active 1987 with your friends and fellow club members. Keep us in your thoughts and always "keep on 'stangin'".

FROM YOUR EDITOR:

There have been a few changes within our organization over the past few months. One change being The Secretarial Position which was held by Kelly Beauparland will now be held by Máry Jo Miller, for the duration of this term. We all owe Kelly a hearty thank you, for a job well done. Kelly was also responsible for the circulation of our club newsletter.

I approached Pres. Doria and asked to assume total responsibility for our club newsletter. I felt I was ready for a new challenge. With Dicks work schedule and duties as Club President, he was more than willing to accept my offer.

My objective as new editor of "The Feedbag" is to publish your club newsletter in a fashion that is timely and will have some new twists to it. Because of the transition period for changing responsibilities, and this being my first newsletter, don't judge my efforts on this first addition. I promise it will get better. I have already been approached by other club members who have volunteered their services to assist in this effort. I am also putting out a plea for anyone with literary talent to contact me, as I will be looking for a staff of volunteers, that would be interested in becoming involved with the newsletter.

I would like to close this first editorial note by requesting your patience and support. With these two elements I will guarantee you a very interesting club newsletter.

Fraternally Yours,

Bob Zimmermann
