*The Feedbag ... what happened ... and what's happening*

*December, 2019*

Hello Mustangers!

WOW! Winter sure hit us early this year! Hope everyone had a chance to prep your ponies for the winter. We were glad we had one day above freezing to wash the Mustang off before covering her up for the winter.

I have prepared this prior to our planning meeting, but I have seen the preliminary events calendar. Looks like we are going to have some wonderful events. As always, watch the newsletters, web site and FaceBook page for new things we might pop into our calendar throughout the year. Sorry to say there will not be a Milwaukee Concourse d'Elegance 2020. They will be trying for a 2021 show.

If you would like to join us for the car show planning meeting, please drop in at the WaterStone Bank on Saturday, December 7<sup>th</sup>, 1:30pm. I believe you would enjoy being part of the team. We are still open for suggestions for next year's show theme.

Short and sweet! ----- Be sure to note that there is **NO** December meeting.

See you on the road!

Glenn

***A turbocharger uses engine exhaust gasses to power a compressor that supplies combustion air to the engine. The increased supply of air allows more fuel to be introduced. The combination of more air and fuel produces more horsepower.***

Normally I Would Discourage This

But This Is Pretty Cool !
