FROM THE PRES.

1/14/83

of 1964's to 1973 Mustangs, Shelbys

Hope the rest of you had a nice Holiday season! We really did. Now it's time for us to press on to make '83 one great year for our club. Starting on January 29th with our Third Annual Dinner, we hope to kick off one of our best years yet! Then comes the Winter Swap Meets at MECCA and State Fair Park. We always have a good time at those swap meets. Gives us all a change to find those rare parts we need; but most of all, the chance to just sit down and gab for hours on end with old and new friends.

Ran across a guy down in Streaton, Illinois, Thursday who had 36 Mustangs stashed away in various states of repair. Mostly '65 and '66 models. He is willing to sell parts according to his son. This kind of find makes my road job a little easier to take.

Bob Z. and myself finally got a chance to start work on Shar's orange 'Stang. Started to trim the right rear quarter mating surfaces, and replaced much of the missing sheet metal in the outer wheelhouse and rear inner fender panel area. Hopefully, we will start to trim and fit the repro quarter this weekend. (Remember this is a low-cost refurbishing). We are trying to get some shots of the progress to show what you can do if you're on a tight budget.

We will be setting the stage for our first over-the-road trip in May pretty soon. Try to participate in one of these if you never have. You won't be sorry!

Jerry Manning, a new board member, is working on the organization of our club's record keeping systems. It will be nice to get the club back on the computer again. Thanks Jerry.

Let's keep in touch as a group through the winter! Make the meetings if at all possible! Hit some of the events! Generally, just stay active! It makes it that much more rewarding when the "Pony" comes out of hibernation in spring. See you soon! "Keep on 'Stangin'".
