

The Wisconsin Early Mustangers

"A FEW TO PRESERVE THE BEST"

"The Feedbag"

February 9, 1981

"From the Pres."

Hello again Mustangers. We just returned from a very good time recruiting new Mustangers at the "OLD MILWAUKEE SWAP MEET". Saw a lot of old friends and made some new ones. Gave out a bunch of literature and information on our club. Even signed up a new member right on the spot. My personal thanks to those who helped to run the info. booth, Bob and Bob Beuparland, Marlene Witczak, Paul Fisher, Barb and Dick Strack and my son Mike.

We talked to a few guys from the Early Ford V-8 Club and rekindled our interest in a combination function, if we can swing it, this Summer. You really have to go a long way to find nicer people than Fred Fischer and Mike Kusch. These guys bend over backwards to try and help you out. They are a real credit to our hobby.

We also met Jim Cowles from the Northwoods Regional of The Shelby American Club. He filled us in as to the dates of some of their meets. Again the talk of joint activities was mentioned. We will be discussing that at future meetings also. By the way, their club started in 1975 and now has over 250 dues paying members. Gives us a little incentive, right?

Don't forget the first annual club dinner function, Saturday Feb. 28th at the Pinnacle Peak Resturant. We meet there at 7:00 P.M. If you didn't make your reservation yet, see Sharon Doria at the Feb 23rd meeting. Don't forget that ties are illegal at this place, so wear one that you don't mind cut in half, if you do at all.

If all goes well, next weekend Bob Beuparland and myself will be making a recon. trip to Dearborn to check out the lodging and other details for the May 14th trip. Remember the end of February or early March at the latest will be the sign up limit for this trip due to all the advance planning and reservations which must be made. More on this at the Feb 23rd meeting.

Club T-shirts will be available at eh March meeting. Our third jacket order will have been placed by the time you receive this newsletter. We still have a few of the small inside window decals available. Response to all these items has been very good. We will continue to expand our club product line in the future as your needs are made known. Any ideas??????

Don't forget! Next meeting is Monday February 23rd 7:30 P.M. at Wauwatosa Savings and Loan office, 27th and College ave. See you there

Keep on 'Stangin'
