

The Wisconsin Early Mustangers

"A FEW TO PRESERVE THE BEST"

September 12, 1980

"The Herd Bag"

Dear Mustangers,

By the time you receive this newsletter, Fall will be officially with us. That means not a heck of a lot of good driving weather left. What is left though is some of the most beautiful of the year. That is why we are so revved up about our October 11th trip to Door County. More on that later.

AUGUST MEETING

Some highlights of the August 23 Picnic/Meeting. Under old business we mentioned that the quest for club jackets would get serious at the September meeting, so all involved should be a final check on prices etc. October 11th is the date set for the Fall Trip. Business-introductory cards were to be let for printing. (They are now ready for members to pick up at the next meeting). Bulk rate postage was not feasible at this time due to a 200 piece minimum per mailing. Under new business we started to plan a club dinner for January or February 1981. A new post might be created for a person who keeps the club informed of shows, meets, etc. so we don't conflict with our activities as we did this year. We are getting some information sent to us on setting up and running rallies. We had four or five quests at our meeting.

After a nice picnic lunch, there was a super softball game. The team of semi-pros led by Bob Zimmerman our V.P. thoroughly trounced Mike Doria's team of disabled old folks. Thank goodness the score was forgotten at this time. As luck would have it, I'll bet Secy-Treas. Bob Wroblewski wrote it down somewhere so I will be mercilessly reminded of it in the future. Lots of fun though. Wait until next year Bob.

October 11th Trip

Due to the Door County Fall Festival on October 11th we could not stay at the Batheam-Smith Lodge in Sturgeon Bay as originally planned. We would have had to take lodging in four or five different places to fit in our whole group. We managed to acquire nice accommodations 18 miles south in the town of Algoma. Those who have sent in deposits are all assured of accommodations.

Bob Beauparland and I did the recon mission this time in my 65 convert. It was a beautiful sunny day with the temperatures ranging from 65-70°. We put on about 350 miles of nice top down driving by the time we hit the home 20.

Our planned departure from Wauwatosa S&L on S27th Street, will be Saturday morning, October 11th at 8 a.m. We will head West (North) on I-94 Downtown and connect with I-43 Northbound. We'll follow I-43 North till it becomes 141 and meets Hwy 42 near Sheboygan. From that point on we will stay on Highway 42 all the way to Algoma. Once settled in at Algoma we have the options of:

- 1). Driving north another 45 miles (approx) to Peninsula State Park.
- 2). Winery Tour.
- 3). Great Lakes Maritime Museum.

Details to be discussed after the September 29th Meeting.

Well, time to sign off again. Next meeting Monday, September 29th, meeting time 7:30 p.m. Wauwatosa Savings & Loan office at 27th & College Avenue. Hope to see you there.

Keep on Mustangin'

Dick Doria
