

The Wisconsin Early Mustangers

"A FEW TO PRESERVE THE BEST"

The November meeting of The Wisconsin Early Mustangers was called to order at 7:35 pm by president Dick Doria

New members and guests introduced themselves and were welcomed at this time.

Attendance was taken and a good turnout was observed.

The financial report was given which showed that our club treasury held a balance of \$651.14

The second order of business was old business.

Reminders of placing jacket orders were given. The second annual club dinner was discussed and a date of Jan. 23rd was agreed upon for this event. Trip plaques for previous outings were also made available to the membership. A guest Bob Ensweiler then proceeded to give our club tips on how to run a car show. A two day on the road outing was discussed. This will take place sometime in May.

The next order of business was new business.

Complaints were aired over some of the inefficiencies of the national organization. A list of coming events was given by Bob Beaupartland. He also indicated we will need volunteers to man our club booth at a few of these events. The possibility of a \$5.00 dues increase was aired by President Doria. The reason for increase will be prompted by the need to print our newsletter and increase in postage rates. The possibility of our club participating in a 4th of July parade in watertown was brought up. Pat Evans is investigating the setting up a swap meet. The question was also brought up as to when we were going to send another club update to the Mustang Times to be published in the regional news.

At 8:55 a motion was made to adjourn. The usual horse talk followed.
