

Hi Ho Mustangers,

4/28/09

We have had a nice day or two and the itch to drive is strong but, when I have the time it is raining. The good news is that the day looks great for the brunch run on Sunday. All the details should be in the newsletter with only one small glitch, CONSTRUCTION. We will handle this on as needed. With all the rain we should be ok but, this could slow the crews up a bit. No need to fear, we will eat.

The Sat. before the brunch run, Dick Doria is having the last of his electronic controls seminars. This last unit will take us through about 1993 or so. If you are planning to attend, contact Dick. Time is 930am, at Dick's house. Hope to see you there.

The show is just 3 weeks away and as always we still need door prizes. Please beat the bushes to drum up a few more. We will need to have all the info on sponsors by the Wednesday before the show so Scott Moen can get the banner done for the show. We also need to get the door prizes to Vern and Debbie before the show. The day before as well as the day of the show are really nuts, so let us give them a break. The time for set-up has changed a bit for Sat. The new time is 130pm. Hope to see all the members at the show.

Check out the newsletter on the June outing. Jeff is putting together a Harley Museum day. I have not been there yet and look forward to seeing it. I have heard a lot of good things about the displays and the food. This sounds like a hoot in the making. That is all for now, more next month.

Yours in Stangdom,

Tom

Note from Tom Wagner

This was the third anniversary celebration I attended (30Th, 40Th, and 45Th). While my '93 GT was awarded a trophy at each, I think they're getting less well organized as time goes by. The 40Th had a shuttle service between the host hotel and the track. This show did not. It left me and everyone else having to re-detail your car each day and people from outside countries scrambling to find a way to get there. My brother in law and I met up with a couple at the host hotel from Australia. We took them to the track each day and gave them my "extra" passes. A very nice couple and they're going to send us each a t-shirt from their local Harley dealer (a kangaroo riding a Harley!) as a thank you. The track event was a blast although a lot of people were spinning out. One Roush actually hit the wall with the front end, then spun around to tag the rear as well. Probably 20-30 thousand dollars damage. Lots of vendors and the Ford 2010 Traveling Road show with famous cars in it. The track and grounds were just gorgeous.
